

# New Hospital Programme (June 2025)

## Latest Market Updates from the New Hospital Programme

It's an exciting time at the New Hospital Programme. Earlier today we held a Hospital 2.0 Alliance procurement 'hot start' event. This is a huge milestone for the programme and it's fantastic to be entering the next stage of procurement with such a strong shortlist of both established and new market entrants, including both UK and international organisations. You can read more about this below.

Looking ahead, we're encouraging you - suppliers of all sizes - to start preparing now. Thousands of contract opportunities will be created across the UK through our Hospital 2.0 Alliance Partner supply chains. We encourage you to read our NHP Supplier Guide and to let us know what additional information you need from us to enable your organisation to become part of the NHP supply chain by responding to our feedback survey.

This is a nationally important programme, and we welcome innovative partners who can help us deliver it.

**Richard Lennard**

**NHP, Executive Commercial Director**

## Programme Update

### Launching the Hospital 2.0 Alliance - Dialogue Begins

Today the New Hospital Programme (NHP) held an event to kick start the next stage of procurement with shortlisted suppliers for the Hospital 2.0 Alliance. Sixteen shortlisted suppliers have now received an Invitation to Participate in Dialogue (ITPD) to compete for places on the new 12-year, £37bn Delivery Alliance.

This strategic, long-term, multi-supplier framework agreement will be used by NHS Trusts across the country to appoint Alliance Partners responsible for the detailed design, construction and handover of individual new hospital schemes between 2025 and 2040.

The dialogue with bidders is due to conclude in autumn, with places on the framework expected to be awarded by the end of the year.

### **The shortlisted suppliers are:**

Successful Candidates / Lead Party:

- BAM Construction Limited
- Bovis Construction (Europe) Limited
- Bouygues UK
- Dragados Sociedad Anonima
- FCC Construcción SA
- Integrated Health Projects (IHP)
- John Graham Construction Limited
- John Sisk & Son
- Kier Construction Limited
- Laing O'Rourke Delivery Limited
- McLaren Construction Limited
- Morgan Sindall Construction and Infrastructure Ltd
- Multiplex Construction Europe Limited
- Sacyr UK Limited
- Skanska Construction UK Limited
- Willmott Dixon Construction Limited

### Gifts and Hospitality

Please be reminded that suppliers taking part in NHP procurement activity must not offer gifts or hospitality of any kind to individuals that are involved in the New Hospital Programme.

## NHP Supplier Guide - Your Feedback

The [NHP Supplier Guide](#) is a key document developed to support potential suppliers of all types and sizes who are interested in joining our future supply chain.

We are always looking to improve our business communications to keep interested suppliers informed of the programme and its business opportunities.

**We would therefore be very grateful to receive your feedback on our guide via the following short survey.**

This should only take a few minutes to complete: [NHP Supplier Guide Feedback Survey](#)

## Upcoming Events

**EBME (Electronic and Biomedical Engineering) Conference 25 June 2025, Coventry at 15.45-16.15**

Nata Zaman (Deputy Director of Equipping, NHP) will be speaking on 'Smart communication paper - the silent hospital concept'. For further information on the programme, visit: <https://ebme-expo.com/ebme-conference-2025>

**NHP BESA Webinar 31 July 2025 at 12.00- 13.00**

Emma Whigham (Markets & Supply Chain Director, NHP) will speak at a webinar hosted by the Building Engineering Services Association to provide an update on the NHP programme and opportunities for building engineering services suppliers. Further details to be added to the [BESA website](#) shortly.
