

Hospital 2.0 Alliance – Construction Partner Profile

Delivering healthcare design and construction for over three decades

Kier's purpose is to sustainably deliver infrastructure which is vital to the UK

We are a leading provider of infrastructure services, construction and property developments. We are committed to delivering for communities and leaving lasting legacies through our work.

At the core of Kier's project delivery is technical excellence, utilising the latest building methods, innovations and technology to ensure we offer the best value for our customers.

“The NHS is personal to all of us, so we're extremely proud to be continuing our collaboration on the new Hospital 2.0 Alliance. At Kier we are passionate about producing the highest-quality facilities to enable hardworking NHS teams to deliver the best possible patient care. The new Hospital 2.0 approach will help us to do just that, and we look forward to working in alliance with our partners to share best practice and innovation to ensure the NHP's vision is fully realised.”

Martin Staehr, Group managing director, Kier Construction

Pioneering healthcare design and construction for decades

At Kier, we have been leading the way in healthcare design, construction and maintenance for over three decades.

We are trusted to deliver healthcare facilities across England, Scotland, and Wales. We fund, design, build and maintain state-of-the-art facilities that cater to the needs of staff, patients, and their families. Our mission is to work in partnership to create high-quality healthcare spaces that provide invaluable care and support for our local communities.

Since **January 2024**, we have delivered:

- **32 NHS projects** totalling over **£500m** (combined reported figures)
- **Over 100 clinical services** designed and delivered

Kier's longstanding healthcare expertise supports its appointment to new 12 year £37bn Hospital 2.0 Alliance (H2A) Framework

Following recent Healthcare projects delivered by Kier including new clinical buildings at Luton & Dunstable University Hospital, Dyson Cancer Centre, Heatherwood Hospital and multiple NHS Blood and Transplant centres, Kier Construction has been named as one of 10 alliance partners to deliver the 11 NHP Wave 1 schemes.

As part of the preparation for this programme, Kier has invested in a dedicated NHP leadership team, ensuring the business is fully mobilised and ready to deliver from the outset. Recent hires include Rebecca Garcia as alliance director and Bonnie Chu as alliance design director.
